Simplifile Adds 46 Midwest, West Jurisdictions to E-recording Network

PROVO, Utah, Jan. 18, 2019 — Simplifile, a leading provider of real estate document collaboration and recording technologies for lenders, settlement agents and counties, today announced that 46 additional recording jurisdictions located in 13 states throughout the Midwest and Western U.S. have joined Simplifile's e-recording network.

"E-recording continues to gain traction for the efficiencies, cost savings and convenience it delivers to recording jurisdictions nationwide, and to this day, it is one of the most widely-adopted digital processes in the real estate supply chain," said Simplifile President Paul Clifford. "Last year, Simplifile achieved a significant milestone, having deployed our E-recording platform in 50 percent of all U.S. recording jurisdictions, and in 2019, we look forward to helping the remaining 50 percent realize the tremendous benefits e-recording provides."

The newest additions to Simplifile's e-recording network are:

About Simplifile

Simplifile, the nation's largest e-recording network, was founded in 2000 to connect settlement agents and county recorders via its e-recording service. Today Simplifile has broadened its services to include collaboration tools and post-closing visibility for mortgage lenders and settlement agents working together on real estate documents. Through Simplifile, users can securely record, share and track documents, data and fees with ease.
